In addition to the above information and in order for us to bring a full report to the General Annual Meeting each year, we welcome personal experiences, impressions, and comments about the CDR work you have been involved with. This information is the basis for the article written in the annual Financial and Activity booklet. Please submit your report immediately following disaster work, at the latest by Dec. 1. This is necessary so information can be prepared and sent to Gospel Publishers in time for printing.

NOTICE TO LOCAL AGENTS
